Ref. No. 2471/37-C1.

Station Madras, *Dated the* 22nd April 1937.

From (Name) T.A. Whitehead Esq., I.F.S.,
(Designation) Ag. Chief Conservator of Forests.

To The Secretary to the Government of Madras,
Development Department.

Sir,

(F) With reference to G.O. No. 1054, Mis.,Development, dated 31-8-1933 I submit the following report on the subject of the withdrawal of concessions from the Reserved Forests in the South Kanara District:-

Mangalore North Division. There is definite improvement in the conduct of the villagers in exercising the concessions and there is therefore no need to withdraw them from any of the reserves on account of the abuse of concessions.

Mangalore South Division. The concessions were muc abused in 19 reserves as is seen from the statement No. I enclosed. The Conservator proposes to issue a warning tc the villagers concerned. Nothing more is necessary.

2. In the interests of silviculture and in conformity with the prescriptions in the Working Plans the District Forest Officers of both the Divisions propose that the areas mentioned in Statement No. II should be closed to the concessions in accordance with the orders contained in G.O. No. 1054, Development, dated 31-8-1933. Some of the fuel coupes and plantations in the Mangalore North have already been closed some years back. No special sanction was obtained in respect of some of the fuel coupes and plantations in their year of felling and formation respectively, as the whole of the reserves remained closed to the concessions. These reserves were thrown open in accordance with G.O. No. 963 Press, Development, dated 15-6-1936. The District Forest Officer has recommended the closure of the felled areas in these reserves. Some of the fuel coupes which should have been closed in the year of their felling or plantation but which had not been so closed have also been recommended for closure. All these areas are included in Statement No. II. I have approved the District Forest Officer's recommendations.
